Life in 1800's Batoche — Who are you?

1. Cut on the solid line around the cootie catcher
2. Following the dashed lines fold the catcher in half and then in half again
3. Open out, turn over so top is blank and fold each corner into the middle
4. Turn over and repeat
5. Turn over so you can see the colours
6. Slide your thumb and your finger behind two of the colours and press together so they bend round and touch
7. Turn over and repeat with the thumb and finger of the other hand for the other colours
8. All four colours should now be at the front with centers touching and you are ready to use your cootie catcher!
