Winter & the five senses

Winter can be a hard time of year but in the cold and dark there are beautiful things to be found. Reflect on the winter season using the five senses — sight, sound, touch, taste and smell — what are the best parts for you?

Close your eyes... Where are you, take a deep breath, what do you smell? Write it down and describe how it makes you feel.

Close your eyes... Where are you, reach out and what do you feel? Is it under your feet? On the tip of your nose? Between your fingers? Write it down and describe what you like about it.

Close your eyes... Where are you, what do you see? Is it bright or is it dark? Write it down and describe the scene.

Close your eyes... And listen carefully, where are you? Can you describe the sounds? Is it loud or is it quiet? Write it down and reflect on other times these sounds can be heard.

Close your eyes... Take a bite! How does it taste? Is it sweet, sour, salty, or creamy? Is it crunchy, flaky, soft or mushy? Does it burst with juice that runs down your chin or is gooey? What is the temperature? Write it down and reflect on when you like to eat this most?

What do you see?

Colour and count the objects. Write the number of each in Michif below:

Fish
